

HEADS IN THE CLOUD

EMPOWER YOUR CLOUD JOURNEY

Capability Statement

Secure. Compliant. Mission-Ready

CAGE: 86QW1

UEI: Z245ZCCPLGV1

About Us

Heads in the Cloud (HITC) enables federal agencies to modernize legacy systems, achieve security compliance, and deliver mission outcomes without operational disruption, compliance risk, or schedule slip. We operate with startup velocity and integrator discipline in high-security, regulated environments.

Core Competencies

Cloud Architecture & Modernization

AWS | Azure | GCP | Legacy migrations | FedRAMP architectures

Cybersecurity, Zero Trust & Compliance

NIST 800-53 | FISMA | FedRAMP | DoD | ATO | GRC

DevSecOps & Automation

CI/CD | Terraform | CloudFormation | EKS/ECS/K8s

AI / ML & Analytics

Operational analytics | GEOINT | Secure ML pipelines

Enterprise IT & Mission Support

Systems engineering | Lifecycle delivery | ITIL Service Desk

Differentiators

Mission-first engineering | Elite talent |
Agility without chaos | Security baked in |
Scalable teaming

Certifications

State: MBE | WBE | SBE

Corporate Data

Heads in the Cloud, LLC
Manchester, MD

UEI: Z245ZCCPLGV1

CAGE: 86QW1

NAICS:

541511 (Primary) | 541512 | 541513 | 541519 |
541690

Past Performance

NGA: Enterprise GEOINT modernization | Secure DevSecOps | AI/ML (HM047620D0006, 2017–2026)

DOI: Cloud migration readiness | IT modernization | Compliance (140D0424D0092, 2024–2034)

HHS: High-volume Service Desk | ITIL ops | Automation (75P00121A00014, 2021–2027)
